Pronto® M51™

Anything else is a compromise.™

Yes, you can.®

Versatility comes standard with the Invacare® Pronto® M51™ power wheelchair with SureStep®. The M51 boasts true center-wheel-drive performance for exceptional maneuverability and intuitive driving. New seat-to-floor heights allow for ideal seating and positioning selections. The new captain's seat (optional) offers a plush charcoal grey vinyl semi-recline seat and adjustable height arms, providing optimal consumer comfort. The M51-R also offers a standard rehab (Adjustable Seat and Back Angle – ASBA) seat. The M51 provides a smooth ride over transitions and thresholds up to two-inches while maintaining stability. The M51 design offers sleek styling and comfort while optimizing maneuverability and accessibility.

Pronto M51 with Van Seat

- SureStep technology allows for smooth driving over thresholds and transitions
- Stylish design with choice of Candy Red or Deep Blue shroud colors
- Compact size for the tightest overall turning radius
- True center-wheel-drive system for intuitive driving
- Six wheels on the ground provide optimum stability
- Fully programmable MK5™ NX™ electronics for maximum function and precise driver control
- Adjustable joystick mount
- Light grey medium back van seat with flip-up, adjustable width arms
- Charcoal grey semi-recline seat (optional) with standard flip-up, adjustable width arms
- Rehab (ASBA) seat available on M51-R
- Powerful 350-watt, high-torque motors for reliable performance
- Regenerative braking and automatic motor locks for dependable stopping
- 3-amp on-board charger for convenience
- 300 lb. weight capacity

Center-Wheel Drive

Center-wheel-drive offers the tightest turning radius, as well as improved tracking and ease of driving, over all other Invacare configurations.

SureStep®

This patented automatic system ensures that everyday obstacles and thresholds are handled elegantly for a smooth ride.

Optional Rehab Seating Available (ASBA) on M51-R

Customize the M51-R for consumers with moderate seating and positioning needs.
